### imagePRESS V1000

ROBUST FUNCTIONALITY AND INNOVATIVE TECHNOLOGY PACKED INTO A SPACE-SAVING CUT-SHEET COLOUR DIGITAL PRESS

Amplify the profitability of your mid volume print environment. Grab the opportunity to meet diverse customer demand with fresh thinking.

- Fast, auto-duplex printing, as well as an embedded cooling unit to reduce the frequency of temperature adjustment for each sheet, deliver high productivity for a variety of print jobs by sustaining the same speed on all media weights
- Extensive media-handling capabilities can produce a wide range of applications, including booklets, postcards, posters, and envelopes. Expand your revenue streams by printing 52-400gsm weights, synthetic and textured media
- Save labour time and costs, with built-in colour management technology that uses an Inline sensor to automatically complete DFE calibration, profile creation, and verification
- Automatic duplexing of banner sheets up to 1.3m, for smooth running with minimal operator intervention to promote a wider range of applications
- Refine your production line with an endto-end solution. Team up an imagePRESS V1000 production press with finishing tools including professional modular in-line booklet making solutions, multi-purpose stacker and third party finishers thanks to the new Finisher Bridge and DFD Adapter
