IT'S NOT FINISHED UNTIL IT'S DUPLO.

SPECIFICATIONS

The fully automated DC-618 Slitter/Cutter/Creaser is Duplo's new compact yet powerful all-in-one finishing solution designed for today's digital printer. With the ability to process up to 6 slits, 30 cuts and 20 creases in one pass, the DC-618 delivers full-bleed applications up to 23 sheets per minute without white borders and toner cracking for a clean finish. Bring your finishing in-house with the DC-618!

FINISH FULL BLEED APPLICATIONS ON DEMAND

- 21-up business cards
- Postcards
- Greeting cards
- Invitations
- Perforated tickets
- Brochures
- Menus
- Direct mail pieces
- Book covers
- Tear-off vouchers

- Up to 23 sheets per minute
- Paper weight up to 400gsm
- Up to 6 slits, 30 cuts & 20 creases
- 100mm feed capacity stacker
- Enhanced PC Controller software
- Barcode & REG mark scanner

The DC-618 comes equipped with rotary slitters, a guillotine cutter and a depth-adjustable creaser; which together with options providing perforating and scoring, offers the versatility of multiple devices in one intergrated system.

- The card stacker neatly collects small pieces such as business cards and postcards, or remove to stack larger format pieces.
- Creasing digitally printed sheets prevents toner cracking when folding.
- Creasing performance can be optimized for different stocks by using the crease tool features of adjustable depth and width.
- Features as standard a feed tray and stacker suitable for over-size sheets up to 750mm length, enabling large format jobs and increased productivity.
